

SG Class Teachings (Initiated: June 29, 2025 – 21351)

1st Class Teachings: The Beginning (Initiated: July 1, 2025)

1st Course: Introduction

1st Topic: Introduction

1.1.1.1. The teachings studied here are for receiving the Holy Spirit. God is the one who gives the Holy Spirit. The teachings here show you and make you fit and ready to receive the Holy Spirit. At the end of these teachings, you will realize that you have received the Holy Spirit without even knowing it.

1.1.1.2. Who is the Holy Spirit? - To those who are Christians, I know that this question is easy for you to answer. The Holy Spirit is simply the righteous Spirit of God that He gave to the world through Jesus Christ. - (Isaiah 11:2-3 EASY) [2] The Spirit of the Lord will be with him. The Spirit will make him wise, so that he understands things. The Spirit will show him what is right, and he will have the power to do it. The Spirit will cause him to know the Lord and to serve him truly. [3] To obey the Lord will make him very happy. He will not judge people because of what he sees with his eyes. He will not judge them because of what his ears hear about them.

1.1.1.3. What can the Holy Spirit do? - Since the Holy Spirit is God's Spirit, He can do everything except evil. - (Habakkuk 1:13 EASY) [13] But you are too holy to accept anything that is evil. You cannot agree with people who do wrong things. - The Bible has told us that God cannot accept anything that is evil. In the same way, God's Holy Spirit cannot accept to do anything evil.

1.1.1.4. How will the Holy Spirit help me? - This is a question that has no obvious answer, but you can think about this: - (Genesis 1:27 ERV) [27] So God created humans in his own image. He created them to be like himself. He created them male and female. - God created humans in His own image, but we know that God is a Spirit. - (John 4:24 ERV) [24] God is spirit. So the people who worship him must worship in spirit and truth. - This verse shows us two connected truths. "God is Spirit" shows us the nature of God. "...must worship him in spirit and truth" shows us that those who worship also have a spirit. - So, God created humans in His own image. But we know that God is a Spirit. This means that God created a spirit in humans. In a human body, there is a spirit that God created. Unfortunately, the spirit in the human body is weak and it can do nothing. When Satan (the spirit that God sent out of heaven) comes, he does everything he wishes to the human spirits because they are weak and can do nothing to protect themselves. - Now, this is what the Holy Spirit does. Satan cannot win over the Holy Spirit. - (Mark 16:17-18 ERV) [17] And the people who believe will be able to do these things as proof: They will use my name to force demons out of people. They will speak in languages they never learned. [18] If they pick up snakes or drink any poison, they will not be hurt. They will lay their hands on sick people, and they will get well. - After studying these lessons, you will be able to do more than what is written there. You will get dreams of what is to happen. You will get visions about various circumstances. You will be able to see into the lives of anyone who asks you a question. All kinds of sickness and diseases will obey you.

2nd Topic: Requirements

1.1.2.1. In these Lessons, you will need a few basic requirements.

1.1.2.2. You will need a Bible, whether a physical one or a Bible app on your phone (preferably the You Version Bible app).

You will need a notebook or somewhere to write. It is not that you are going to copy notes, no, but there will be some essential information that you will have to note down.

2nd Course: Daily Life

1st Topic: Daily Schedule (DS)

1. Open the WPS Office app or the word processing software you are using.
2. Tap on the create button to create a spreadsheet.
3. You must create a spreadsheet (xlsx).
4. Make sure you select the one that has the word "black" or "Most Used".
5. The spreadsheet will look like this.
6. Tap where there is "Sheet 1" to give your sheet a name.
7. Replace that name with the date today.
8. Name that sheet the date of that particular day, and also choose a color for your sheet.
9. Write those words like how I wrote them.
10. Write in the Aim section your personal aim. What is the aim of making that Daily Schedule? If you have not got the aim yet, you can leave the space blank. Also add the date you created that Daily Schedule.
11. Then write those words showing the activities you will be doing every day, what time you will be doing those activities, and how long those activities will take. In the *section* part, write the group in which that activity falls.
12. As you can see, my first activity on my Daily Schedule is *Studying my A level subjects* and at what time I start doing that activity and until what time I stop doing that activity. The duration is the time I spend doing that activity, for example, 1 hour and 30 minutes for the first activity. Do not write your duration like how I write mine. For me, I wrote 1.5 which means 1 hour and 30 minutes. So for you, you should write 1 hour and 30 minutes.

13. My next duty is room cleaning, which starts at 5:30am and ends at 6:00am. I spend 30 minutes for room cleaning, and it falls under the section of Personal Duties. If you are not sure about how sections are made, you can ask a question, or you can leave out the section part for now.
14. I think you can see very clearly how I wrote my activities and their time and their duration. Your *Daily Schedule* should look like mine, but do not use my activities because we are different people in different locations and with different souls. The activities in your Daily Schedule must be the things you do every day.
15. In the column for time, you must include both the starting time of the activity and the ending time of that activity. For example, I start cleaning my room at 5:30am and I end cleaning my room at 6:00am, so I include both times in the column for time. In the duration column, I write 30 minutes or 0.5 hours because that is the time I spend cleaning my room. This is how you should organize your Daily Schedule.

The last activity on your Daily Schedule must be *sleeping* because it is the last thing you do in a day.

1. After you have finished creating your Daily Schedule, you tap the word "*Done*" at the top of your screen.
2. Then you tap on the "*save*" feature to save your Daily Schedule.
3. You remove those words and you write *Daily Schedule*. Do not add a full stop at the end. Only write Daily Schedule.
4. Like how I wrote it.

Then you tap save.

Feel free to ask questions regarding what we are studying. I will help you with any assistance you need.

Give time to that Daily Schedule. The Holy Spirit might help you to include some features. If that happens, do it. If you feel like including something, you can do it.

Important Activities: - In the Daily Schedule, there are *important activities*. These activities must be included and carried out by every person who is seeking Spiritual Growth. These activities include: *Devotion, Breakfast, Lunch, Supper, and Sleeping*. Those five *important activities* must be included in *every person's Daily Schedule*.

The Common Activity: - In the Daily Schedule, there is a common activity. This activity is the Devotion or *Bible Study*. In every person's Daily Schedule, this activity must be included. Actually, it is *the most important activity*.

Devotion or Bible Study: - This activity is for every person who is seeking Spiritual Growth. It does not matter who you are or what you do. You must see that you include the *Devotion or Bible Study* activity in your *Daily Schedule*.

1. A person who is very busy all day must at least have the *Bible study activity* twice a day. This can be in the morning and at night.
2. A person who is not very busy should have the *Devotion activity* at least *three times every day*: in the morning, in the afternoon, and in the evening.
3. A person with much free time should have the *Devotion activity* at least 4 times every day.
4. As you can see, I have the *Devotion activity* 4 times every day. So make sure you also make enough time for *Devotion*. You cannot receive the *Holy Spirit* without knowing *God's word*.
5. Now you have learned about the Daily Schedule. Study it with all your heart and love. It is your own activities that are on it. It is your own duties that are there. You have made it based on your time. So see that you improve it, make it wonderful, and add better content to it. I am not talking about adding colors and shading the letters. I am talking about adding content to your Daily Schedule.

2nd Topic: Thoughts (Th)

- God cannot be near an evil person, and 99% of your thoughts are evil. Only 1% of your thoughts are righteous. But to see God, you must be 100% righteous. God does not look at evil.

- In this Topic, you are going to learn how to bring your thoughts into prison. You will destroy all evil thoughts out of your mind. This is to prepare a place where the Holy Spirit will stay in you. The Holy Spirit cannot be in you when you think the way you think right now.
- Thoughts is a wide topic. A person can think more than 100 thoughts in just 1 minute.
- If you need the Holy Spirit, you must change your thinking. How are you going to do this?
- You will create a spreadsheet (Excel) file in the WPS Office or the word processing software that you use. In that file, include and write these words and highlight their boxes to show that they are headings.
- Thoughts: In the column for thoughts, you must write every thought that you get in your life. Everything that you think of doing in your life, you must write it there.
- (Ephesians 1:4) God chose us in Christ before the foundation of the world, that we should be holy and blameless before Him.
- God's Spirit sanctifies you — sets you apart, makes you special — for closeness with God. The result is that you share in the glory of the risen Lord. This is not the earthly glory of the rich and famous. This is the glory of being with and like God's Son. He fills your life with purpose and joy.
- God chose you as the firstfruits to be saved, through sanctification by the Spirit and belief in the truth. To this He called you through our Gospel, so that you may obtain the glory of our Lord Jesus Christ (2 Thessalonians 2:13-14).
- Some words you will need a dictionary to understand what they really mean. Do not read and not understand. Use a dictionary to understand the meaning better.
- You may download an English Dictionary on your phone, like the Vocapture app. But make sure you read and understand the meaning of every word.
- God's Spirit is there for you from the beginning. Just as fleshly life came through your parents, spiritual birth comes from the Holy Spirit.

- Truly, truly, I say to you, unless one is born of water and the Spirit, he cannot enter the kingdom of God. That which is born of the flesh is flesh, and that which is born of the Spirit is spirit (John 3:5-6).
- Babies are not born alone. Babies are born to mothers who hold and feed them. Likewise, God gives us new life by His Spirit, "who He poured out on us richly" — covering us and caring for us.

1.1.2.3. Thoughts Practical Application: - As I said earlier, thoughts determine a lot concerning the Holy Spirit. You must be able to destroy all evil thoughts that come into your mind. To do this, you must start by writing every thought of anything that you think of doing. After you have written that thought, you write the date and time at which you got that thought. After that, you must wait 2 full days before doing that thing. That is the way of dealing with thoughts. Even if you clearly see that what you want to do is good, you should first give it 2 full days before doing it. - Not all things that we want to do are good. For example, in that photo on number 55, I wanted to change the plate that I use to eat food, but I did not know that what I wanted to do was wrong. But because I waited for some days to pass, like 7 days, I realized that what I wanted to do was wrong. That is why I placed an X on that thought. So this is how your life should be if you want to be free from the influence of Satan. - On number 56 in that photo, you can see that I wanted to start taking milk to a student at school. We all know that helping is good. But even if it is good, I first had to give it some time, which is 2 days. So this is how you should also do it. Whatever you think of doing, first write it somewhere and wait for 2 days to pass, then you can do it. - The purpose of the 2-day wait is to separate your own desires from the leading of the Holy Spirit. Many evil things come as sudden ideas. When you wait, you give your spirit time to examine the thought. You give the Holy Spirit time to show you if that thought is from God or from the enemy. Do not rush to act on any thought, no matter how good it seems. Write it, wait, and then decide.

3rd Course: Prayer and Gifts

1st Topic: Needs

1.3.1.1. (Philippians 4:6 ERV) [6] Don't worry about anything, but pray and ask God for everything you need, always giving thanks for what you have.

1.3.1.2. The Bible has instructed us not to worry about anything. "Don't worry about anything..." That is what the Bible has told us. We should not worry about anything, no matter how many problems we have. We should not worry.

1.3.1.3. "...but pray and ask God for everything you need..." The Bible has also told us to pray and ask God for everything we need. This is similar to what was written in 1 John 5:15.

1.3.1.4. (1 John 5:15 EASY) [15] Since we know that, we also know that God will give us the things that we ask for. It is as if we have already received those things from him.

1.3.1.5. The Bible has also told us "...we also know that God will give us the things that we ask for..." This should make us sure that whatever we ask for from God, we will receive it. Jesus Christ Himself said: - (John 14:13-14 EASY) [13] Ask me to help you. If you ask anything in my name, I will do it for you. In that way, the Son will show everyone how great the Father is. [14] Yes, you should ask me for anything in my name. I will do it for you.

1.3.1.6. Note what Jesus Himself said: "If you ask anything..." Now I want you to remember what Philippians 4:6 said: - (Philippians 4:6 ERV) [6] Don't worry about anything, but pray and ask God for everything you need, always giving thanks for what you have. - The word "anything" means all things. Now the Bible is telling us not to worry about anything, but we should pray and ask God for anything we need. And in John 14:13, Jesus tells us that "If you ask anything..." He said "anything." This means He meant all things. Whether your problem is poverty, sickness, problems, evil spirits — no matter what it is, He said, "...if you ask anything in my name, I will do it for you." Now, what are your problems? Is it poverty? Are you looking for a good career? Is

it sickness? Demon attacks? Are you looking for a job? Are bad dreams disturbing you? What is it that is bothering you? What is hindering your progress? What is hindering your success?

1.3.1.7. Now you should not be worried anymore. Jesus Christ has told us He will do anything that we ask for (John 14:13). - But in doing this, we must not forget what God said. Listen to this: - (Psalms 27:14 EASY) [14] Wait for the Lord to help you! Be strong and brave. Yes, wait for the Lord to help you! - The Bible has told us, "...wait for the Lord to help you!" We should be patient as we wait for God's help. We should not say, "God is not going to help me. He did not hear my prayer." No, that is wrong. God hears what we say in prayer. Listen to this: - (1 Peter 3:12 EASY) [12] Remember that the Lord God sees what everyone does. He takes care of people who do what is right. When they pray, he listens to them. But the Lord God turns against people who do evil things.

The Bible is telling us, when people who do what is right pray, God listens to them. So we are sure that our prayers will be answered. All we need to do is to trust God and have patience.

1.3.1.8. (Psalms 37:7 EASY) [7] Be patient as you wait for the Lord to help you. Trust him to bring help. Do not become upset when bad people seem to do well, when their wicked ideas really happen.

The Bible is telling us in (Psalms 37:7), "...wait for the Lord to help you!" To wait means that we should be patient as we wait for God's help. Some people turn away from God at this point because they do not understand what God's word says. Listen again to what God's Spirit said through David: - (Psalms 37:7 EASY) [7] Be patient as you wait for the Lord to help you. Trust him to bring help. Do not become upset when bad people seem to do well, when their wicked ideas really happen. - Also David himself said in Psalms 40:1. Listen to what he said: - (Psalms 40:1 EASY) [1] I was patient while I waited for the Lord to help me. He turned towards me, and he heard me when I called to him. David

talks about patience as part of faith. Some people give up not because they do not trust in God, but because they have no patience to wait for God. God wants to see if you really trust in Him. He wants to see you wait for Him. Listen to what the Bible says in James 1:3: - (James 1:3 EASY) [3] God wants to see if you really trust him. Your faith in God will become stronger as a result of these troubles. God only wants to see that your trust in Him is true. That is what James 1:3 is telling us. So you should be ready to face any circumstances. You should not give up. You should always show that your trust in God is true. Then God will do whatever you ask.

1.3.1.9. What should I do before asking God for what I want? -

The answer to this question is in Mark 11:25. Listen to what Jesus Christ said: - (Mark 11:25 EASY) [25] But when you stand up to pray, first you must forgive other people. If anyone has done something bad against you, forgive that person. If you do forgive them, your Father in heaven will forgive you. God will forgive you for the wrong things that you have done.

Jesus has told us, "first you must forgive other people..." When you do not forgive other people, God will also not forgive us for the wrong things we have done. And if God has not forgiven us, He can do nothing to help us. Someone might say, "But for me, no person has done wrong to me today. I have not met any person who has done wrong to me today." If it is like that, still that person has to forgive the people who did wrong things to him or her some time back. Another person might have anger towards someone. Even if that anger has been on his or her heart for many years, that person should still forgive the people who did wrong to them. Another thing might be when you do not like someone. That is all sin before God. So you should first forgive other people, then God will give you everything that you ask for. - Whether someone did something wrong to you or not, you should forgive those people. This is how you should begin your prayer: - "My Loving Father in Heaven, I confess that my life is full of sin. Loving Father in Heaven, I forgive everyone who has done wrong to me.

And everyone who did wrong to me, I forgive them all. Loving Father in Heaven, I thank you for your everlasting Love..." - Then you can add to your prayer from that beginning. You can ask God for anything you want Him to do for you. - That beginning part of the prayer carries the first basic parts of faith in God. First, you confess your sins. By this, we show God that we are sinners and we are not worthy to receive His help. Listen to what the Bible says in Proverbs 28:13:

1.3.1.10. (Proverbs 28:13 EASY) [13] Anyone who hides his sins will never do well. But God will forgive somebody if he agrees that he has done wrong things, and if he turns away from his sins.

"...But God will forgive somebody, if he agrees that he has done wrong things..." Yes, God will forgive us when we confess our sins in prayer. This is what John also wrote about in 1 John 1:9: - (1 John 1:9 EASY) [9] Instead, we should agree that we have done wrong things and tell that to God. Then God will forgive us for our sins. He always does what he has promised to do. He always does what is right. He will forgive us and he will make us clean again, whatever bad things we may have done. When we pray, we should also confess our sins. God will forgive us if we accept that we are sinners. When we ask God for something, we should find somewhere to write what we have asked. Then when God answers our prayers, we should mark or tick that prayer request. When we do this, our faith in God will grow because we will realize how and when God answers our prayers. This is what is named "Needs." We find somewhere to write all that we request from God. Then when those things are fulfilled, we mark or tick our prayer requests.

1.3.1.11. When we ask God for something, we should make sure that we write everything that we ask. This helps in making sure whether you get everything you ask for or you don't. I also did not know this trick. But in the month of May 2025, I asked God

for some things. I remember I asked for joy, peace, patience, and things like that. On the first day, I did not receive any of those things, but I continued to ask. Remember, I had written those things in my spreadsheet, so I could check on the things I asked God for every morning. This topic is called Needs because that is the name I gave to the things I asked for from God. So I could ask God for these needs every day. Then after some time, like 15 days, I realized that I had received the things that I had asked for. Then I continued writing every need that I needed. Everything that I thought that I needed, I started asking for it from God, and I received most of the things that I asked for. This made me prove the existence of God. - Now this is what the Needs topic is all about. Do not just ask for things from God, but first write whatever you need, then you can ask God for those things. - If you want to start now with the Needs, you can create a spreadsheet and call it Needs. Then you write there all the things that you ask God to do for you. Or you can get a book and write there all your needs, but that will be tiresome and it is old-fashioned. Start now with the "Needs" knowledge you have got, and see how God is going to change your life.

2nd Topic: Abilities

1.3.2.1. A person can carry out more than 10 tests a day without noticing. Plus, a person can do tests that are not of his own, but tests from other people. My children, my aim is for you to receive the Holy Spirit. So I will speak the true facts of what you must know. Then after you have received the Holy Spirit, you will understand the love that I have for you. This is true love, that I give you the right teachings, intended for receiving the Holy Spirit, as the Scriptures say: - (1 John 3:24 EASY) [24] Anyone who obeys God's commands lives together with God. God also lives in him. How do we know that God lives in us? It is because of his Holy Spirit that he has given to us.

So my intentions are Holy, and they align with God's will. But the people of this world hated God and His Son Jesus Christ. People use their mouths to show that they honor God, but that is all a lie.

So God looks at them and He laughs. He sees deep inside their thoughts and hearts and He knows that they are lying when they say they honor Him. Listen to what David told his son Solomon: - (1 Chronicles 28:9 ERV) [9] "And you, my son Solomon, know the God of your father. Serve God with a pure heart. Be happy to serve him, because the Lord knows what is in everyone's heart. He knows what you are thinking. If you go to him for help, you will get an answer. But if you turn away from him, he will leave you forever."

1.3.2.2. Abilities are special things that a certain person can do when other people cannot do those things. Abilities are in the spirit, not in the body, because all people have similar bodies but different spirits. For example, Jesus had an ability of healing people. An ability is something that makes you unique in a specific field or society of activity. For example, if you are a teacher, an ability is something that makes you different from other teachers. It is that thing that you know you have and you use it effectively and other teachers do not have it. Instead, other teachers just say, "How do you do it?" You have heard people saying, "How did he do it?" It is the ability in his or her spirit that makes them do what other people think is impossible to do.

1.3.2.3. For example, one of my abilities is waking up at 4:00 AM every day, thinking about Bible Verses, and many more. These abilities make me unique from a crowd, and they help me in knowing God more. Abilities save days, they make life easy, and they help one live a steady life just like how the Daily Schedule does it. There are a lot of Abilities, and these are determined by factors like age, gender, society, relationship status (married and single), financial status (rich or poor). But remember: no rich person will ever enter the kingdom of God state of mind. All these determine the Abilities that a particular person can have. Now, to get started, think of Abilities that can solve particular problems in your day. Abilities are in the spirit, so it is God's Spirit in us which makes us able to have those Abilities. You

personally can do nothing, but God's Spirit in you will make you fit for every ability that you wish. When you need something, you run after it. In the same way, you must run for Abilities if you really need them. You must be strong, though they sometimes look difficult at first. But soon you will get familiar with them.

1.3.2.4. Here is how you start. You create a spreadsheet, name it Abilities. The sheets are the Abilities. Every sheet must have its own ability. Or, if you are traditional, you can write your Abilities in a book. Every ability must have its own page. Remember to pray to God for these Abilities. In the "Needs" file, you must write things like these, asking God to make you able for every ability that you want.

4th Course: Humans

1st Topic: Tests

1.4.1.1. Since we are all humans, we all face similar troubles and challenges. Even though some of these challenges are determined by various factors, we all count God as the cause. I laugh at people who lament and cry because of their problems. Yes, their problems are true, and the problems really exist. But the reason why I laugh is because people themselves cause those problems. I tried to put it on God Himself at first, but it was a great lie and a complex equation to solve. Therefore, I declared two things: "Personal Tests" and "People Tests." Here is where we get the name "Tests." If you carefully look at everything done by humans, they are all tests. God Himself tested when He created the earth. The earth was not there, so God took a broad test and He created the earth, not knowing what would come as a result. So it is the same with us humans. But our testing as humans is so severe that a person can carry out more than 100 Tests in a single day. That is like saving 100 weapons to attack God. No one can leave testing, but we can all limit testing. If we limit testing, we limit the challenges and problems in our lives.

1.4.1.2. Since all things exist by "testing," we cannot deny testing. But testing should not be a burden. It should not be a sin. It should be the will of God. The Abilities we receive all come through testing. But also sin and bad acts come through testing. When you test sinning for the first time, you are more likely to do that sin again. So this Topic totally restricts us from testing bad things. And in most things, some things are bad but we do not know that they are bad.

1.4.1.3. Just like all other Topics, you need to write down the tests that you do every day. All this comes from the Daily Schedule. When you do not follow your Daily Schedule very well, you might find yourself doing other things which you never even included in your "Thoughts file." Tests that should be done should be those written first in the Thoughts file. If not, those tests are sinful passions that rise from our true nature.

1.4.1.4. The "People Tests" are those tests caused by people. These tests do not come from a person's spirit, but they come from the people. So these tests can be restricted by avoiding meeting people, not even hearing from people. They can only be controlled by keeping yourself away from people. Some of these People Tests include: People's Opinions, People's Advice, People's Instructions, and others. All this is considered nonsense because a person with the Holy Spirit must be above reproach. No one must advise them, instruct them, or give them an opinion. No one can advise a god. So everyone with the Holy Spirit is a god, and no one can advise that person.

1.4.1.5. "Personal Tests" are tests that a person's spirit starts by itself. They are not easy to control. They are like habits. They can cause depression, anxiety, and every emotion that feels worst.

1.4.1.6. So start now with the "Tests" knowledge. Write every test that bothers you, anything that may seem new to you, any disturbances. Things that you start yourself are called "Personal Tests." Then tests from people are called "People Tests."

2nd Topic: Days

1.4.2.1. Time is something greater than all things. Without time, nothing exists. We have considered time in almost every file that we have looked at, but I further defined it into its separate file called "Days." Days is a simple file that shows us special events and also helps in controlling our daily activities. As time goes on, you will see that it is a wonderful file worth engaging with.

1.4.2.2. Days is categorized into "Special Days." These are days which a person finds meaningful in life. They are very different from public days. These Special Days are celebrated every 40 days. We believe that a year is too long to remember something. Plus, 40 works as a sign before God. So that is how these Special Days should be celebrated. These days are mainly personal. A person celebrates them to reflect on a moment in time that they went through.

1.4.2.3. Another section in the "Days" file is the Calendar. This calendar helps us in marking and noticing the Special Days and other noticeable days that we may not want to miss. So a calendar should also be made in the "Days" file.

1.4.2.4. Other sheets can be created in this file, like "Everyday." This is where various tasks and activities on specific days are written. Many sections can be got from the Days file. I do not limit or deny any addition that may be done on this, knowing this first: that all things can be modified or amended.

1.4.2.5. You need to create a spreadsheet called Days. Make sheets for Special Days, Calendar, and Everyday. You can also add other sections.

5th Course: Behavior

1st Topic: Goals

1.5.1.1. "Goals." As you hear the word "Goals," it is very exciting and full of life. It is worth what you think it is, and if we explore

it spiritually, it is very interesting. What is a goal? That should not be the major question. The question is: what does "Goal" do spiritually? Sinful acts, bad acts, distress, being emotionally low — all this is under "Goals." Especially being emotionally down. Have you ever been there, where you feel that life is a mess, when things are unpleasing, when you have no joy, when emotions are down? A goal is something or a task that a person sets in order to complete it. Goals are called emotion breakers simply because they destroy all kinds of negative emotions.

1.5.1.2. To apply "Goals," you should write things that you would like to complete. Do not give a duration to these Goals. No, they should be flexible. These Goals can intervene in the Daily Schedule. Yes, Goals can disrupt the Daily Schedule (DS). I mean that you can decide to disobey the Daily Schedule (DS) and replace it with a goal. This is what makes Goals great. The Daily Schedule could not control or cover short-time emotions. These are negative emotions that come for a short period of time, but they may come daily or weekly or monthly. Goals help in fighting these short-time emotions.

1.5.1.3. So you should write everything that you would like to complete. These things should be good. Goals should be pleasing, so that every time you start a goal, the negative emotions disappear. Goals should be pleasing so that whenever you feel that some activities in the Daily Schedule are not pleasing for you to do, you instead do a goal in that time.

1.5.1.4. You create a spreadsheet called Goals. There you start writing all the goals that you would like to complete. You may group them like Creative Goals, Physical Goals, and other groupings according to your liking.

2nd Topic: Court

1.5.2.1. A court is where cases or acts of violence are solved. Therefore, in spirit, a spirit should also be presented in court for judgement. Any sort of violence against any law must be represented in the court and judged.

1.5.2.2. In the court spreadsheet, you make a constitution, levels of courts (e.g., High Court, Supreme Court), and any other sections you would wish to add there. Then, in the constitution, you add all the laws that govern your life. All the laws that control you must be written in the constitution. We use spreadsheets for all this. So when you create a new spreadsheet, you can name Sheet1 to be the Constitution, then add other sheets for other courts. Then you write all the laws that govern your life in the Constitution. So that if any of the laws is broken, you must judge yourself and order a punishment for your wrongdoing.

1.5.2.3. Now do not wait any longer. Get up and create a spreadsheet called Court. This is the Court File.

3rd Topic: Personal Duties

1.5.3.1. The Personal Duties Topic is about the tasks that a person does. These duties can be like washing clothes, cooking, cutting nails, and other duties for maintaining good health. The Personal Duties (PD) should also have their own spreadsheet file. You write all the duties that you do in groups. For example, you can write them by the duration in which they are done, e.g., washing clothes, cutting nails, and you put them into 4-day Personal Duties. Personal Duties (PD) is crucial as we shall see in the coming classes.

1.5.3.2. Do not wait. Create a spreadsheet now and name it Personal Duties. Let me ask: how many spreadsheet files do you have right now? If you are missing any spreadsheet file of what we have looked at, get it as soon as possible. Because missing one file is like leaving one emotional disturbance in your spirit.

6th Course: Money

1st Topic: Accounts

1.6.1.1. If you see money, it means we are soon ending our 1st Class. Leaving out money is something weird. It is not normal. But how does money relate to the Spirit? You will know at the end of these teachings. Accounts is a topic that looks at a person's financial status. In Accounts, you must write all your inputs. Inputs is the money which you get. Output is the money which you spend. In the Accounts spreadsheet, you must write and monitor all the money you get and all the money you spend. Every coin you get must be written in the Accounts file. I told you earlier that Spiritual Science is about calculations, laws, theories, and principles. So even 1 USD left out can change all the calculations. You people do not understand that you have various spirits in you.

1.6.1.2. In the Accounts spreadsheet, there should be a section for GTN. GTN means "Give The Needy." GTN is very important in calculations and in Spiritual Science. GTN is the fraction of the money you give to everyone who needs it and to those who ask from you. For example, if you take 1/10 from all your inputs for GTN, then you have a GTN of 0.100. That is a small value compared to the full value of 1. Truly I say to you, if you have a GTN of 1, you can say to God, "Come down here," and He will descend. But having a GTN of 1 means giving all the money that you get to the needy. These things are studied more in the upper classes. This class is just an introduction to the true Spiritual Science.

1.6.1.3. So early, create the Spreadsheet for the Accounts topic.

2nd Topic: Accounts Scale of Preference

1.6.2.1. Accounts Scale of Preferences (ASP) is a joint file with the Accounts file. Accounts Scale of Preferences (ASP) is about the things that a person purchases. In this file is where people write whatever they would like to buy and whatever they want to

buy, regardless of whether they will manage the costs or not. Anything that a person wants to buy should first be written in this file. ASP is used in measuring wealth. So if you miss writing what you buy in this file, then your whole system will be wrong.

1.6.2.2. You create a spreadsheet. Name it Accounts Scale of Preferences, or any name that means the same thing. But make sure you do not get confused during the calculation part. You may decide to add sections or groupings according to your organization. What is required is that you have the Accounts Scale of Preferences file and that you are writing the required information there. Other things shall be studied more in the 2nd Class.

7th Course: Spirit

1st Topic: Life

1.7.1.1. Let someone say like never: "The Spirit of the Lord is upon me, because He has chosen me to tell the good news to the mad." For I am for the Lord's, so let me brag in my God. Let us proceed with this wonderful topic. It has so many sub-topics to look at, as we shall see in the next classes.

1.7.1.2. Life in the SGSS is made the overall. It is not supreme, but life in the SGSS means human being. You yourself have been put into one thing, and that thing is a file called Life. Some of the sub-topics in the Life topic are the Gifts and Fruits of the Holy Spirit, plus the Holy Spirit Himself dwells in Life. Without Life, you will live just as you live. Life! Who has life? So you should create a spreadsheet just as usual. Name it Life. Then make sheets for "Holy Spirit," "Fruits," "Gifts," and "Sin." Create a spreadsheet early up. Without that spreadsheet, I tell you, you have no life.

2nd Topic: Spiritual Teachings

1.7.2.1. This is teachings. It might not be spiritual, but any Teachings of the Holy Spirit. These teachings might not come at first because you are still new to this. In fact, you are born again. So the Holy Spirit will show you the right way of living. So you should create also the Teachings file. You can simply name it Teachings. It should be a spreadsheet.

1.7.2.2. So do not wait any longer. Create the Teachings file now, and we get started.

8th Course: Conclusion

1st Topic: Conclusion

1.8.1.1. This is the conclusion of the 1st Class. We have covered all that we should cover in this class. All the files, we have looked into them. These files are what make life: - Daily Schedule - Thoughts - Needs - Abilities - Tests - Days - Goals - Court - Personal Duties - Accounts - Accounts Scale of Preferences - Life - Spiritual Teachings

1.8.1.2. It might be surprising, but that is the truth. All of a human's life comes from those thirteen files. All the fields of life are all included in those files. This is Spiritual Growth and Spiritual Science. It is called Spiritual Growth because it comes from a human who wanted to get close to God. Then it is called Spiritual Science because to get to God, you reach Him in a scientific way, where there is use of mathematics and physics. Many scientists say that God does not exist. Yes, that is true. But whoever says this, first they are wiser people. Words from a wise person cover 1000 days. Words from a fool — it is better not to have been born.

1.8.1.3. We are now entering our 2nd Class. There, we are going to study real science. Most of the work in the 1st Class was theory. It was theory and introductory. But in the 2nd Class, it is

where you are going to realize life. It took me like 75 days to finish writing the 1st Class Teachings. I started writing them on July 1, 2025, up to September 15, 2025. Finishing the 2nd Class Teachings might take more than 150 days because this is the core of life.

2nd Class Teachings: Middle Life (Initiated: September 15, 2025)

1st Course: Introduction

1st Topic: Introduction

2.1.1.1. This is the introduction to the 2nd Class Teachings of SGSS. SGSS is Spiritual Growth and Spiritual Science. Here, you will learn how to live. Many questions have never been answered. Here, all is answered and beyond limitations. It exists. Life is made up of many things, but the most noticeable things in life are frustrations, emotions, and others. Here it is all included. In the 2nd Class Teachings, we may mainly use file symbols since we are mostly going to be dealing with equations. Like for the file Daily Schedule, its symbol is DS. In the SGSS Teachings, we use spreadsheets to deal with all files. This is because spreadsheets are organized, easy to make changes, easy to solve equations, and easy to copy and paste. What is done in a spreadsheet cannot be done elsewhere.

2nd Course: Understanding Holiness

1st Topic: Daily Schedule

2.2.1.1. Daily Schedule (DS) is superior over all the other files. DS is more important than other files. DS is simply the daily routine of a person. This routine should be kept excellently

throughout every day of a human being. I will try to explain as much as I can so that you understand it. You create a spreadsheet where you will write your Daily Schedule. We use spreadsheets because spreadsheets are organized, easy to make changes, easy to solve equations, and easy to copy and paste. I call spreadsheet heaven because it is worthy. The Daily Schedule (DS) is what makes the road of life. It is a road that you should follow, or the light that lights any road you choose. No matter whether people are bad or good, as long as one follows their Daily Schedule, they are successful in what they do. The equation or formula for the Daily Schedule is: $DS = (AC/TA)$, where AC is the number of activities conquered, and TA is the total number of activities. For example, my Daily Schedule may have 20 activities. That is the TA. Then on a specific day, I might do 17 activities. When we use the formula for the Daily Schedule, $DS = (17/20)$, $DS = 0.850$ DS. The Daily Schedule is measured in "DS," which means Daily Schedule. Let the scientists and all those people with free time study the Daily Schedule very well. You should categorize the rankings of the Daily Schedule very well. As for now, a Daily Schedule that is below 0.800 is a bad Daily Schedule. Let those in charge make laws about the Daily Schedule. If people diligently obey their Daily Schedules, crimes are low. The Daily Schedule shows people how they should live.

Practical Application: - To make your Daily Schedule work for you, you must check it every morning when you wake up. See what activities you have planned for the day. Then at night, before you sleep, check how many activities you completed. Calculate your DS value. If your DS is below 0.800, ask yourself: what went wrong? Which activities did you skip? Why? The next day, try to improve. This daily check will help you grow your discipline. The Holy Spirit works in a disciplined life. Remember: God is a God of order, not of confusion.

2nd Topic: Thoughts

2.2.2.1. Thoughts is another file that is also important. In thoughts, it is like a voice telling you, "What if you did it yesterday?" In the Thoughts file, we write every thought that we

think of doing. Everything that you think of doing should first be written in the "Thoughts file." I am talking about anything that you may think of doing. Blessed is the man who thinks about nothing; he will enjoy this world. "Th" is the symbol for Thoughts. $Th = TDC / TTh$, where Th is Thoughts, TDC is Thoughts Duration Completed, and TTh is Total Thoughts. Thoughts (Th) equals Thoughts Duration Completed (TDC) divided by Total Thoughts (TTh). Thoughts Duration Completed (TDC) is the Thoughts Duration time, which is 48 hours (2 days). I believe that two days change the external, while the internal needs only 1 day to be changed. Now we know that Thoughts (Th) = TDC / TTh . Let us use this in an example. Let us say you have a total of five thoughts in your spreadsheet, and out of those five thoughts, you only waited for the thought duration to be completed for three thoughts. Therefore, $TTh = 5$, and $TDC = 3$. Thoughts (Th) = $3/5 = 0.6$ Th. Note: the units are Th, and they should be included when calculating Thoughts.

2.2.2.2. Practical Application of Thoughts: - The Thoughts file is not just about writing thoughts. It is about training your mind to be patient and disciplined. When you write a thought, you are bringing it from your mind into the physical world. This act alone makes the thought less powerful over you. Then when you wait 2 days, you are giving your spirit time to examine the thought. Here is how to do it effectively: 1. Write the thought immediately when it comes. Do not wait. 2. Write the date and time. 3. Set a reminder for 2 days later. 4. When the 2 days have passed, read the thought again. Ask yourself: Is this from God? Is this good for my spirit? Does this align with the Holy Spirit? 5. If yes, you may do it. If no, mark an X and remove it from your mind. - This process will save you from many mistakes. Most sins happen because people act on thoughts immediately. When you wait, the emotion passes, and you can see clearly. A person who controls their thoughts controls their life. A person who does not control their thoughts is like a ship without a rudder, tossed by every wind.

3rd Course: Holy Spirit

There are two files in this course: Needs and Abilities. "Needs" is about what you need, and "Abilities" are unique powers that an individual walks in.

1st Topic: Needs

2.3.1.1. (October 10, 2025) Needs is a file that Leon depended on mostly during the time of February 2025 and June 2025. During this time (February 2025 - June 2025), Leon believed that it is God who gives things, and whatever a person gets, it is God who gives those things. On this day (October 10, 2025), Leon had not yet considered the "Needs" file as a big file compared to the "Daily Schedule." Leon in him believed that God knows whatever you need before you even ask Him. On that, Leon added nothing else to ask God. Now scientists, a new job I give you: study the "Needs" file carefully. Bring forth new equations from the files I have left you. Needs (ND) = AND / TND. AND means Achieved Needs, and TND means Total Needs. Achieved Needs (AND) are the Needs that a person has received, or the Needs that have been successful. Total Needs (TND) is the number of all the needs requests that a person made. For example, on 10/14/2025, the Needs (ND) of Leon were like this: AND = 0, TND = 5. Therefore, Needs (ND) = $0/5 = 0$ ND. At this time, Leon had just started calculating the Needs file, and the Needs Formula, $ND = AND / TND$, was created on 10/11/2025. That is what the Needs file is about. You write every request you need from God.

2nd Topic: Abilities

2.3.2.1. (October 14, 2025) Abilities is one of the best files. But do not take this to say that all files are not important. All files are important and you need all of them. If a teacher rises to eliminate any of the files, then watch closely at that person. They might not be really good people. But some people may make amendments to the thirteen files. Then if those amendments do no harm, accept them. But original copies of the Files should be

kept so that whoever will want to make amendments to the SGSS Teachings should be directed by the original copies of Leon.

2.3.2.2. In Abilities, we are going to look at many things. BVM is also in Abilities. BVM is a section (sheet) in Abilities. Let us look at the BVM first. BVM simply means Bible Verses Memorization. It is about memorizing Bible Verses. Regardless of what you are doing, or what time it is, as long as you live, you should memorize Bible Verses always. If you can do it while sleeping, do so. Bible Verses Memorization (BVM) is memorizing Bible Verses. When a person memorizes Bible Verses, it is hard for that person to do evil. Those people are always filled with the Holy Spirit of the Lord, so they always do what is right and good. People who always memorize Bible Verses are always filled with the Holy Spirit and they are always successful in everything that they do. As the Scriptures say: "Always remember what is written in that book of law. Speak about that book and study it day and night. Then you can be sure to obey what is written there. If you do this, you will be wise and successful in everything you do." Also, the Scriptures say: "Great blessings belong to those who don't listen to evil advice, who don't live like sinners, and who don't join those who make fun of God. Instead, they love the Lord's teachings and think about them day and night. So they grow strong, like a tree planted by a stream — a tree that produces fruit when it should and has leaves that never fall. Everything they do is successful."

2.3.2.3. Bible Verses Memorization formula: $BVM = ((NS - BC) * MR)$, where NS is the New Slides (the number of new verses you have memorized), BC is the Bible Constant which is 66, and MR is the Memorization Rounds. For example, on December 15, 2025, Leon had NS of 131 and Memorization Rounds of 2.8. So $131 - 66 = 65$. Then $65 * 2.8 = 182.0$. Then we divide Rounds by a constant which is 216. $182 / 216 = 0.843$ BVM. The value should not be below zero or above one. It should be between zero and one, and it should have its units BVM.

4th Course: Humans

1st Topic: Tests

2.4.1.1. Tests is about the habits and habit thoughts that the human mind receives. Tests is very important in Spiritual Growth, as we are going to see. In the Tests File, I included the habits section. Therefore, habits are measured or monitored in the Tests File. The reason for this file is that the human mind likes very much to try new things. And most of the time, these things are not Holy. So I called it Tests because the mind wants to test. That is why this file was created: to try to control the testing of the mind. This spreadsheet file contains two sheets: one is called Personal, and the other is called People. This shows that Tests come from either inside a person's thought or from other people.

2.4.1.2. We are to start with the Personal Tests. These are Tests that are started within the person's self. In the Personal Tests, we have a sub-section called Tests. Note that this sub-section is not the Tests itself as a file. This is a sub-section with its own units. Tests as a file has no units. Tests as a file is a collection of sub-sections that have units. Tests as a file is very big to be considered one, so I had to break it down so that it can be understandable and manageable.

2.4.1.3. Tests as a sub-section are the thoughts that you get to start something that is not holy. For example, sleeping at a time that you are not supposed to sleep is a test. Eating at a time you are not supposed to eat is a test. Thinking of not bathing is a test. In other words, Tests are like thoughts of bad habits. You do not do the bad act, but as you only think about it, that is a test. Therefore, Tests are counted by you just thinking to do a bad habit or action. This is how Tests are counted: in your spreadsheet file, after having created the sheet for Personal, you write the word Tests in a certain row like A4. Then you write the date in the next row down A5. In this column, it is where you must write the date of each day. Then in B6, you write the

thought of the bad action, like "Thought of sleeping in wrong time," "Thought of eating in wrong time," "Thought of not bathing," "Thought of getting angry," and so on. You write these Tests in the B6, B7, B8, B9, B10 rows. Then in the next column of B7, you write a 1 for every Test that you thought about in that particular day. For example, if "Thought of sleeping in wrong time" was written in B6, and in A6 it is the date of today (December 16, 2025), if today you got a thought of sleeping in the wrong time, then you write a 1 in that column. I do not like to include tables or pictures in these writings because I want them to be totally word documents with no requirement for visual assistance. So that is how you track Tests. Every day, you have to track the Tests. Then Tests has to be calculated to get its numerical value, as we have done with the other files. First, I would like to apologize for my laziness, or that I was preoccupied with other activities of not much importance than this. I would have written these teachings long ago, but it is today (December 16, 2025) and I am just not yet finished with writing these teachings. I know that these Teachings would have been completed in the month of September 1, 2025, but see, it is now December 16, 2025, and I have not finished writing them. I am trying hard to see that I finish them soon. So we were looking at how Tests is calculated. The formula or equation for calculating Tests is $Te = (TTe * TTe) / 40$, where Te is the Tests, and TTe is the number of how many Tests you Tested in that particular day. We can see from the formula that TTe is multiplied with TTe , which can also be written as TTe^2 . Yes, this is correct. But according to the file of Leon on December 16, 2025, this is the formula He used. So let us get this example. On December 15, 2025, Leon had a TTe of 5. From our formula, we see that the TTe must be squared. Therefore, when we square 5, or when we multiply $5 * 5$, we get the answer as 25. Then from the formula, we see that this answer has to be divided by 40. Note that 40 is a constant and it should not be changed. So when we divide $25/40$, we get the answer as 0.625 Te . The units of Tests are Te . So that is how Tests is measured.

2.4.1.4. Another sub-section in the Tests File is the Bad Habits. I see no need of measuring good habits because the goodness of good habits is evident. Also the badness of bad habits is evident. Therefore, Bad Habits has the short form BHA, and this is used as their units. Like how the Tests are calculated, it is also the same with Bad Habits. The formula or equation for Bad Habits is $BHA = (BHA(x)^2) / 40$. So if a person does 2 bad habits in a day, their Bad Habits would be: $2^2 = 4 / 40$, and this gives us the value 0.100 BHA. This is the value of Bad Habits for that person for that particular day. Bad Habits are very destructive. So when a person does too many bad habits and they have a value like 0.980 BHA, it would be a bad day for that person. For Bad Habits, like for the Tests, we get the inverse value of the Bad Habits. This inverse value may be considered as the value for Good Habits. To get this inverse value, we subtract the Bad Habits value from one. Like for our example, the Bad Habits value was 0.100 BHA. So our Bad Habits Inverse would be $1 - 0.100$, giving us $0.900 BHA^{-1}$. Note that the Bad Habits Inverse value has units that are different from the Bad Habits value. The Inverse values have units of BHA^{-1} . The difference is that the inverse value has a raised negative one power (-1).

2.4.1.5. Those are the sub-sections in the Personal section. Now we are going to look at the other section which is People. As I discussed earlier, People Tests are the Tests that are caused by people. Remember: no knowledge for human life, and machine life is far greater than the Thirteen Files. There is no one book that can make you understand everything. That is why these Files are Thirteen, and they are in spreadsheets. Every spreadsheet contains 1 trillion books. So to understand life better, more than 10 trillion books must be used, not one or two or three. In fact, a word document cannot make you like Leon. A word document can give knowledge, but it is the spreadsheet that gives understanding.

2.4.1.6. People Tests is the name for the Test in the People section. Note that People is a section like Personal. A section is the same as the sheet. So People is a sheet, and in this

worksheet, there is only one sub-section, and that is the People Tests. This sub-section is not different from the sub-sections in the Personal worksheet. The People Tests sub-worksheet has units of PTe, and its formula or equation is $PTe = (PTe(x)^2) / 40$. Since people are the same throughout the world, People Tests may not change from individual to individual. For this date (December 18, 2025), there are five People Tests, and these are: People's Money, Telling Lies, People's Advice, People's Opinions, and People's Instructions. These are the People Tests — the Tests that come from people. Spiritual scientists may add other Tests. Yes, their Tests would be true. These were just the ones of Leon for the date (December 18, 2025). We have seen the formula or the equation for People Tests: $PTe = (PTe(x)^2) / 40$. For this, we are going to use an example of a person who on a particular day was instructed, given advice, and he talked with people and told lies. In this example, the person has had 3 People Tests: being instructed, being given advice, and telling lies. So to get the People Tests value for this person, we follow our formula: $PTe = (PTe(x)^2) / 40$. Therefore, 3 will be squared, and that will be $3^2 = 9$, and $9/40 = 0.225$ PTe. So the People Tests value for that person on that day would be 0.225 PTe. Do not forget to include the units, because without units, these values are meaningless. So also for the People Tests, we have to get the inverse. Because it is this inverse that shows how pure you are. The People Tests value shows how guilty you are. So it is the Inverse value that shows how good you have been. And as we have done for the other files, the Inverse value is got by subtracting the People Tests value from 1. From our example, the People Tests Inverse would be $1 - 0.225 = 0.775$ PTe⁻¹. Remember: the units of the inverse are raised to a negative one.

2.4.1.7. We have finished the Tests File. Stay devoted to the Thirteen Files.

2nd Topic: Days

2.4.2.1. The Days File. With much understanding, I saw that the Days and everyday of the body's world was nonsense. In the Days

File, there is a worksheet for Special Days, Every Day, Calendar, and Fasting. These four sections or worksheets are the sections of the Days File. We are going to look at them one by one in detail.

2.4.2.2. Special Days is a worksheet where all the special days of a particular person are written. According to Leon, special days are to be celebrated every 40 days. For example, Leon made May 11, 2025 a special day called Happy Day. This means that every 40 days, Leon would be celebrating the Happy Day. Therefore, in the Special Days worksheet, you should write the Special Days you choose, the information about them, and how you would be celebrating those days.

2.4.2.3. Another worksheet in the Days File is the Everyday Worksheet or section. In this worksheet, you write the information of something unusual that happened in your day. Like on October 23, 2025, Leon wrote that it was the day he published his first web app. You write anything unusual or successful in that day.

2.4.2.4. Another worksheet in the Days File is the Calendar. In this calendar, it is where we mark all the Special Days from the Special Days worksheet. In this worksheet, you write the days in a particular month. Then you can color or fill with color the day so that you mark it in that worksheet and it can be obvious that it is a Special Day. Leon used to color the text of the Special Days so that they would show that they were special.

2.4.2.5. The other worksheet in the Days File is the Fasting worksheet. In this worksheet, you write all the days that you fast and the reason why you are fasting.

5th Course: Behavior

1st Topic: Goals

2.5.1.1. Goals is one of the greatest Files. If one does not have it, they cannot understand everything. Truly, the Goals File has

changed over time, as you have been seeing in Leon's Files, if you have been following them. For Goals, a person makes sub-worksheets. Sub-worksheets are like headings in the worksheet. For example, if you have an activity for studying, you might make Studying as a sub-worksheet in the Daily worksheet. In the Daily worksheet, it is where you write the sub-worksheets of the things that you do. Then you write the goals that you want to accomplish. You may track your goals by writing the initiation date and the date when you accomplish these goals. You may look into the Goals file of Leon, the one of December 2025, by following the Google Drive link.

2.5.1.2. Practical Steps for Goals: - Every morning, look at your Goals file. Pick one goal to work on that day. This goal can be something that excites you. When you feel negative emotions coming, go to your Goals file and pick a goal to work on. The goal will break the emotion. This is how Goals work as emotion breakers. They shift your mind from the negative feeling to a positive task. This is a spiritual principle: when you focus on building something good, the bad loses its power over you.

2nd Topic: Court

2.5.2.1. In the Court File of Leon, in the worksheet of the Constitution, Leon had some quotes or sentences that He had written there. This is of date (December 20, 2025). These were the quotes or sentences in the Constitution: - Constitution!A2: "Make it difficult." - Constitution!B4: "Laws that control cues." - Constitution!B5: "There is a cue and a craving that have caused you to want to change the laws, but ask yourself, why haven't they caused me to change the time I sleep." - Constitution!B6: "Since all things improve." - Constitution!B7: "It is simple, the cues and cravings that don't fall in your Skills, destroy them." - These were some of the sentences that Leon had written in the Constitution worksheet. They were like reminders because every time Leon had broken a certain law, he felt very bad. The feeling of pain was severe, for Leon knew what it meant to break a law. So this could stress him most of the time. Breaking laws was one of the things that could bring distress to Leon.

2.5.2.2. By today (December 21, 2025), Leon had already created the formula or equation for the Court file. But before we look at the formula or equation of the Court File, let us first know what the Court File is made up of. Leon had written a note in his Court File. Note that Leon used his Court File of November 20, 2025. So these workbook references are not changed because Leon stored them and he did not change any of His Files after He had stored them. - Constitution!A373: "Laws can be modified or amended anytime, and anywhere. But no law must ever be broken. (June 6, 2025 — 21374)" - Constitution!A374: "Laws Must be called (M). M is the symbol for Laws. This is from Moses, who was the first person to write Laws and commands. Therefore M is the symbol for Laws. (June 6, 2025 — 21374)" - The Court File according to Leon, on (December 21, 2025), there were seven worksheets. The main worksheet was the Constitution worksheet. The other worksheets were: Advice Room, Supreme Court, Spiritual Court, Court of Appeal, High Court, and Food. These were the worksheets in the Court File of Leon, of date (December 23, 2025).

****2.5.2.3.** We are going to look into details in every worksheet and try to understand its importance and how it is used. In the Constitution worksheet, this is where the calculation of the Court is calculated from. We are going to look at how we calculate the Court. But let us first see how Laws are made. The Constitution worksheet is where Laws are written. Laws are written with code numbers in column A. Then in column B, this is where the Law is written. The Law should be straightforward and easy to understand. For example: "You must not make money online." "You must not join social media groups." This is how Laws should be written. They should be straight to the point, with no confusion or misinterpretation. Then in column C, that is where the date when the law is created should be written. In column D, it is where we write the Judgement. The Judgement is the punishment given after a certain Law has been broken. For example, on the Law code (2)(L)(6) which stated that "You must not laugh when people speak funny words," its Judgement was "Skip the next meal." Judgements should also be straightforward and easy to understand. In column E, this is where the Law Duration is written. The Law Duration is the period of time when the Law is in use or working. Note that this feature was recently introduced in the Court File, either in the month of October 2025 or

November 2025, but it was not there before. In column F, this is where the Law Duration Renewal Date is written. This is the date when the Law Duration is renewed. For example, Law (3)(A)(4) of Leon was renewed on 12/7/2025, and it had a Law Duration of 2 months. The Law Duration Renewal Date is the date when you renew the Law Duration of a particular law. For example, you might create a Law on 12/23/2025, then you might give that Law a Law Duration of 10 days. So the renewal date of this Law Duration would be 12/23/2025. Since its Law Duration is 10 days, it means that this Law will be working for 10 days. That means that the Law will stop working on January 2, 2026. So the Law Duration is the time or period of time the Law works, whereas the Law Duration Renewal Date is the date when the Law Duration is set again. These are the main columns used in the Constitution worksheet. We are now going to look at the next worksheet.

****2.5.2.4.** The Advice Room worksheet is the other worksheet in the Court File. This worksheet is for self-counselling before breaking a Law. In this worksheet, you write self-counselling lessons for yourself. Perhaps these sentences could give you a reflection of how to act, far from breaking the Law. In the Advice worksheet, we write the Law Code in column A. In column B, that is where we write the Law. In column C, that is where we write the Teachings. Here you can just write the chapter and verse of that Teaching, like LPT064. In column D, you write the Perception toward that Teaching. You can write the text of the Teaching you wrote in Column C. So this is also a worksheet in the Court File.

2.5.2.5. Then in the Court File, there are sections or worksheets for the International Court Standards. There is a worksheet for the Supreme Court, a worksheet for the Court of Appeal, and a worksheet for the High Court.

- **Level 1 — Supreme Court:** This is where the highest crime actions are charged. These crimes include all crimes that violate the Daily Schedule, Thoughts, and Needs. These are the most serious offenses because they affect the foundation of your spiritual life. For example, if you skip your devotion time repeatedly, or if you act on a thought without waiting 2 days, or if you stop asking God for your needs — these are Level 1 crimes.

When you commit a Level 1 crime, you must go to the Supreme Court sheet and record the crime. The Judgement for Level 1 crimes should be severe because they damage your relationship with God. Examples of Level 1 Judgements: "Skip the next meal," "No phone for 24 hours," "Extra devotion session."

- **Level 2 — High Court:** This is where all crimes that violate the Abilities, Tests, Days, Goals, and Court are charged. These are medium-level offenses. For example, if you do not practice your Bible Verses Memorization, if you give in to a bad habit test, if you miss a Special Day celebration, if you stop working on your Goals, or if you break a Law from your Constitution. Level 2 crimes are dangerous because they slow down your spiritual growth. The Judgement for Level 2 crimes should be firm but not as severe as Level 1. Examples: "No entertainment for 12 hours," "Extra chores," "Write a reflection on why you broke the law."
- **Level 3 — Court of Appeal:** This is where all crimes that violate Personal Duties, Accounts, Accounts Scale of Preferences, Life, and Spiritual Teachings are charged. These are lower-level offenses. But do not think they are not important. Every crime, no matter how small, affects your spirit. Level 3 crimes include: not doing your personal duties on time, not recording your money correctly, not writing down what you want to buy, not updating your Life file, or not writing down the teachings the Holy Spirit gives you. The Judgement for Level 3 crimes should encourage you to do better. Examples: "No dessert," "Wake up 15 minutes earlier tomorrow," "Review the file you neglected."

2.5.2.6. Now according to the levels, Level 1 crimes should be judged in the Supreme Court worksheet. Level 2 crimes should be judged in the High Court worksheet. Level 3 crimes should be judged in the Court of Appeal worksheet. The formula or equation for the Court File is: Court (Co) = LC / TL, where LC is the number of Laws you have Conquered (laws you have followed successfully), and TL is the Total number of Laws in your Constitution. For example, if your Constitution has 20 Laws (TL = 20) and you have successfully kept 15 of them (LC = 15), then Court (Co) = 15 / 20 = 0.750 Co. A Court value below 0.700

means you are breaking too many laws and you need to review your Constitution. A Court value above 0.900 means you are living a very disciplined life. The units of Court are Co.

2.5.2.7. The Court File also has a worksheet for Food. In this worksheet, you write laws that govern what you eat and when you eat. For example, "You must not eat after 8:00 PM," or "You must not eat junk food on weekdays." These laws help you control your body's desires. Remember: the spirit is willing, but the body is weak. The Court File helps you make the body obey the spirit.

2.5.2.8. The Spiritual Court worksheet is for laws about your spiritual practices. For example, "You must pray before eating," "You must read at least one chapter of the Bible every day," "You must write in your Teachings file every week." These laws keep your spirit strong. When you break a spiritual law, you feel it immediately because the Holy Spirit inside you is grieved.

2.5.2.9. Now do not wait any longer. Create your Court File if you have not already. Write your Constitution. Write your laws. Set your Judgements. And live by them. A person without laws is a person without direction. But a person who lives by their laws is a person who walks with God.

3rd Topic: Personal Duties

2.5.3.1. In the Personal Duties file, this is how we do the calculations. $PD = (CD / TF)$, where PD means Personal Duties, CD means Complete Duties, and TF means Total Factors. This is how we get the value of Personal Duties. We get the CD divided by TF. According to Leon, January 2026, Personal Duties had 9 worksheets, and these were: PD, 7 Days, 15 Days, 25 Days, Monthly, 35 Days, 60 Days, 90 Days, and 120 Days. These are the 9 worksheets of the Personal Duties File. The first worksheet, which is PD, is the main worksheet. It is in this worksheet where all calculations are made from. In the 7 Days worksheet, this is where you write duties that require 7 days to be redone. In the 15 Days worksheet, this is where you write duties that require 15

days to be redone. In the 25 Days worksheet, this is where you write duties that require 25 days to be redone. In the Monthly worksheet, this is where you write duties that require one month to be redone. In the 35 Days worksheet, this is where you write duties that require 35 days to be redone. In the 60 Days worksheet, this is where you write duties that require 60 days to be redone. In the 90 Days worksheet, this is where you write duties that require 90 days to be redone. In the 120 Days worksheet, this is where you write duties that require 120 days to be redone. For example, if you take 7 days to wash your clothes, this kind of duty should be written in the 7 Days worksheet.

2.5.3.2. Personal Duties ensures that you get to do what you must do on time. That is what Completed Duties (CD) means. Total Factors (TF) is the number of worksheets you are using, excluding the PD worksheet. For example, according to Leon January 26, 2026, the Total Factors (TF) were 8. This is because the PD file had 8 Duty Ranges: 7 days, 15 days, 25 days, Monthly, 35 days, 60 days, 90 days, and 120 days. In every Duty range, we write the duties we must do and the date we last did those duties. For example, in the 7 Days worksheet, in A2 you write the date when you last did that duty. Using Microsoft Excel, you may use this formula: `=(DATE(2026,1,14)+7)`. Then in B2, you write the duty you are supposed to do. According to Leon January 27, 2026, Leon had a duty of cutting nails. Then in C2, you write the formula that checks whether the date for doing that duty has been reached. If so, the logic formula turns a certain value. According to Leon January 27, 2026, this was the formula: `=IF(OR(A2<=TODAY()),0,1)`. This is what you do in all the other Duty worksheets. In the 15 Days worksheet, in A1 you write the heading for the date which is "Date." In B1, you write the heading for the Duty which is "Duty." In C1, you write the heading for the Status which is "Status." Then in A2, you write the date when you last did that duty. Using Microsoft Excel, you may use this formula: `=(DATE(2026,1,14)+15)`. Then in B2, you write the duty you are supposed to do. According to Leon January 27, 2026, Leon had a duty of "Washing my bed sheet." Then in

C2, you write the formula that checks whether the date for doing that duty has been reached: =IF(A3<=TODAY(),0,1). According to Leon January 27, 2026, Leon had five duties in the 15 Days worksheet. So in A3, A4, A5, and A6, there were dates. Then in B3, B4, B5, and B6, there were duties. Then in C3, C4, C5, and C6, there were Statuses. This is done also for the other worksheets.

2.5.3.3. Then in the PD worksheet, this is where calculations are done, and you get your value for PD every day. We create a Sub-station. In this Sub-worksheet, this is where we get the status from each of the Duty worksheets. - For the 7 Days worksheet: =IF(OR('7 Days'!A2<=TODAY()),0,1) - For the 15 Days worksheet: =IF(OR('15 Days'!A2<=TODAY(),'15 Days'!A3<=TODAY(),'15 Days'!A4<=TODAY(),'15 Days'!A5<=TODAY(),'15 Days'!A6<=TODAY()),0,1) - For the 25 Days worksheet: =IF(OR('25 Days'!A3<=TODAY(),'25 Days'!A4<=TODAY(),'25 Days'!A5<=TODAY(),'25 Days'!A6<=TODAY()),0,1) - For the Monthly worksheet: =IF(OR(Monthly!A3<=TODAY()),0,1) - For the 35 Days worksheet: =IF(OR('35 Days'!A2<=TODAY(),'35 Days'!A3<=TODAY()),0,1) - For the 60 Days worksheet: =IF(OR('60 Days'!A2<=TODAY(),'60 Days'!A3<=TODAY(),'60 Days'!A4<=TODAY(),'60 Days'!A5<=TODAY(),'60 Days'!A6<=TODAY(),'60 Days'!A7<=TODAY()),0,1) - For the 90 Days worksheet: =IF(OR('90 Days'!A2<=TODAY(),'90 Days'!A3<=TODAY(),'90 Days'!A4<=TODAY(),'90 Days'!A5<=TODAY()),0,1) - For the 120 Days worksheet: =IF(OR('120 Days'!A2<=TODAY(),'120 Days'!A3<=TODAY(),'120 Days'!A4<=TODAY()),0,1)

2.5.3.4. Then we need a Station where the calculations from the Sub-station reach. In the Station, you write the Complete Duties (CD) and the Total Factors (TF). In the Complete Duties (CD), you write a formula that collects values from all the worksheets with the status of completion. These are usually having a 1 value and not a 0 value. For example, according to Leon January 27, 2026, the 15 Days worksheet had two duties that were complete and three incomplete duties. This makes the 15 Days worksheet have a value of 0 because there are duties that are incomplete. In any worksheet that has a duty that is incomplete, this makes the whole worksheet have a zero value. Therefore, for a

worksheet to have a value of 1, all the duties in that worksheet have to be complete. Here is the formula for the CD under the Station Sub-section: =SUM(B287:B294). And under the Total Factors (TF), the formula is: =COUNT(B287:B294). For more reference about this, look for the Leon Personal Duties File of January 29, 2026. Then after getting the values for the Complete Duties (CD) and the value for the Total Factors (TF), we then start calculating our Personal Duties (PD). As usual, we use column A for the Date, column B for the Equation, and we know the equation is $PD = (CD/TF)$. From the equation, we see that column C is for Complete Duties, column D is for Total Factors (TF), and column E is for Personal Duties (PD). For example, if on a specific day Leon had in Complete Duties (CD) a value of 5, we know that the Total Factors (TF) value is 8. Therefore, on that day, Leon would have a Personal Duties value of 0.625 PD. This comes from dividing $5/8 = 0.625$. This is a good value for Personal Duties, and we shall see how it contributes to your Abilities.

6th Course: Money

1st Topic: Accounts

2.6.1.1. This is the Accounts File. Whoever lacks it lacks great wisdom, knowledge, and understanding. The Accounts file has four worksheets: Goz, Earnings, Spending, and Transactions. These are the four worksheets of the Accounts File according to Leon, January 29, 2026. We are going to start with the Goz. This is the main worksheet.

2.6.1.2. The Goz. The word Goz was extracted from the word God, implying that Goz is either powerful or opposite to the word God. Find that for yourself. Let us start with the Goz Rank. The Goz rank is different from person to person. This is what I mean. A person might ask you, "What is your Goz rank?" This means your rank, and this is how people are ranked. For the Goz rank, money is used in USD (United States Dollars), and not in other currency.

- From 0 USD to 0.9 USD: These are ranked as **Gozzero**, and they are called Gozzero. - From 1 USD to 9 USD: These are ranked as **Gozone**, and they are called Gozone. - From 10 USD to 99 USD: These are ranked as **Gozten**, and they are called Gozten. - From 100 USD to 999 USD: These are ranked as **Gozdred**, and they are called Gozdred. - From 1,000 USD to 9,999 USD: These are ranked as **Gozsand**, and they are called Gozsand. - From 10,000 USD to 99,999 USD: These are ranked as **Goztensand**, and they are called Goztensand. - From 100,000 USD to 999,999 USD: These are ranked as **Gozdredsand**, and they are called Gozdredsand. - From 1 million USD to 9 million USD: These are ranked as **Gozmill**, and they are called Gozmill. - From 10 million USD to 99 million USD: These are ranked as **Goztenmill**, and they are called Goztenmill. - From 100 million USD to 999 million USD: These are ranked as **Gozdredmill**, and they are called Gozdredmill. - From 1 billion USD to 9 billion USD: These are ranked as **Gozbill**, and they are called Gozbill. - From 10 billion USD to 99 billion USD: These are ranked as **Goztenbill**, and they are called Goztenbill. - From 100 billion USD to 999 billion USD: These are ranked as **Gozdredbill**, and they are called Gozdredbill. - From 1 trillion USD to 9 trillion USD: These are ranked as **Goztrill**, and they are called Goztrill. - From 10 trillion USD to 99 trillion USD: These are ranked as **Goztentrill**, and they are called Goztentrill. - From 100 trillion USD to 999 trillion USD: These are ranked as **Gozdredtrill**, and they are called Gozdredtrill. - From 1,000 trillion USD to 9,999 trillion USD: This is ranked as **Goz**, and there must only be one Goz. There must only be one Goz in the land.

So these are the Goz Ranks. Now I think every person knows their Goz rank. To know your Goz rank, you check the range in which your salary or income falls. For example, if you receive USD 2,000 every month, this means that you fall in the range of 1,000 USD to 9,999 USD, and people within this range are called Gozsand. So you are a Gozsand. According to Leon, January 29, 2026, Leon was a Gozzero. People who do not even receive income fall in this rank. They are Gozzero.

2.6.1.3. Having finished the Goz rank, let us go now to the calculation parts. The equation or formula for Goz is: $Gz = Ba / 100$. Here Gz means Goz, Ba means Balance, and 100 is from the Goz constant. Since Leon's income was between 1 USD and 100

USD, that is why his Goz constant was 100. This is how Goz Constants are grouped: - From 1 USD to 100 USD: Goz constant is 100. - From 100 USD to 1,000 USD: Goz constant is 1,000. - From 1,000 USD to 10,000 USD: Goz constant is 10,000. - From 10,000 USD to 100,000 USD: Goz constant is 100,000. - From 100,000 USD to 1,000,000 USD: Goz constant is 1,000,000. - From 1,000,000 USD to 100,000,000 USD: Goz constant is 100,000,000.

These are the Goz Constants. So you choose the Goz constant that matches your earnings or income range.

2.6.1.4. Let us now look at all the other worksheets. Let us start with the Earnings worksheet. In the Earnings worksheet, this is where you write all the income that comes into your account. This has to be written daily. That means that if you get a monthly salary or earnings, you must split it and see how much money you get every day. For example, a person who gets USD 2,000 every month would be getting $2000/30 = 66.667$ USD every day. Money is written in United States Dollars (USD). Every day that the money you get, you must ensure that it is written in the Accounts File.

Another worksheet is the Spending worksheet. This is where the usage of money is written. In any way or path where your money goes, you must write it in the Spending worksheet. It is in the Spending worksheet where we get the Balance from. The Balance is what we use to calculate the Goz value. The Balance is the money that remains after making payment to all that you wanted to make payment to. For example, if your income is USD 50 every day, and maybe you make payments of USD 35, this gives you a Balance of 15 USD. So from our Goz equation, $Gz = Ba / 100$, we get the balance which is 15 and we divide it by 100. This gives us $15/100 = 0.150$ Gz. So this is the Goz value of that person.

The other worksheet is the Transactions worksheet. In this worksheet, you write the Input, where it is from, the Output, where it is going, the Balance for that specific Section, and the Section. According to Leon, January 29, 2026, the Transaction looked like this: Date — Input — From — Output — To — Balance — Section. In the first column, you write the date. In the second column, you write the Input. In the third

column, you write the area or person where the Input came from. In the fourth column, you write the Output, the value or amount of money moving out of the Account. In the fifth column, you write the To, the area where the money is going. In the sixth column, you write the Balance that has remained in that section. And in the seventh column, you write the Section to which those transactions were made. These are the four worksheets of the Accounts File. For more reference, look for the Accounts File of Leon.

2nd Topic: Accounts Scale of Preference

2.6.2.1. In the Accounts Scale of Preference (ASP), there is one worksheet and it is called ASP. In this worksheet, it is where we write the desires and it is where we do the calculations. The formula for the Accounts Scale of Preference (ASP) is: $WH = PC / TP$. WH means Wealth, PC means Purchase Completed, and TP means Total Purchases. Purchase Completed (PC) are the purchases you have completed making. Total Purchases (TP) is the overall number of purchases that you have on your list. Every purchase item has to have a specific identifier. This is how Desires are written:

- In column A, you write the Identifier.
- In column B, you write the Desire.
- In column C, you write the Date — this is the date you thought about purchasing that desire.
- In column D, you write the Cost of that Desire.
- In column E, you write the Purchase Status. It is either 1 or 0. This is the value used in the calculation for Wealth.
- In column F, you write the Purchase Date — this is the date when you purchased that specific Desire.

The Identifiers should be written from A1 to A2, like that. For example, according to Leon, January 29, 2026, Leon had a Purchase Completed (PC) of 19 and Total Purchases (TP) of 74. So this would be $19/74 = 0.257$ WH. WH is the unit symbol of Wealth. So this means that on January 29, 2026, Leon had a Wealth of 0.257 WH.

7th Course: Spirit

1st Topic: Life

2.7.1.1. Concerning Life, the Life File is the collection of all features. What are these features? As written, features cause abilities. So from all the thirteen Files, we are only collecting features, gaining more and more features, so that we gain more and more abilities — more than any other man on earth, and more than any other human being. The Life File has five worksheets: References, Sin, Fruits, Gifts, and Holy Spirit. These are the five worksheets of the Life File.

2.7.1.2. In the References worksheet, this is where all calculations within the Life File are collected from. But before we continue with the References Worksheet, let us first look at the other worksheets.

Sin Worksheet

2.7.1.3. Let us start with the Sin Worksheet. In this worksheet, sins and righteousness are calculated. Every day, you must calculate your sin and righteousness. This is how to do it. In column A, you write the date. In column B, you write the 1st sin. In column C, you write the 2nd sin. In column D, you write the 3rd sin. Like that, you continue writing your usual sins until you see that they are almost done. These are the sins that you usually do, or the ones you do every day. You must see that every time you do a sin, you write a 1 under that column having that sin. On the day when you do not do that sin, you do not write anything. When calculating to get the TSi, you use this formula: =SUM(B187:M187). The equation for Sin is $Si = TSi^2 / 40$. Si means Sin, TSi means Total Sins, and 40 is a constant. For example, according to Leon, January 29, 2026, Leon had done 5 sins. To get the actual Sin value, we use the Sin Formula: $Si = TSi^2 / 40$. We get $5^2 = 25$, then $25/40 = 0.625$ Si. This means that on January 29, 2026, Leon had a Sin value of 0.625 Si. This means Leon had Righteousness of 0.375 Ri. Note that

Righteousness is obtained by subtracting the value of Sin from 1. Our Sin was 0.625 Si. When we subtract $1 - 0.625 = 0.375$ Ri. That is how we obtain Righteousness and Sin.

Fruits Worksheet

2.7.1.4. Let us now look at the Fruits worksheet. There are nine fruits of the Holy Spirit, and these include: Love, Joy, Peace, Patience, Kindness, Goodness, Faithfulness, Gentleness, and Self-control. These are the fruits of the Holy Spirit, and each of them is used to obtain features and become more able than other human beings.

We are going to start with Fruits itself. Fruits is the value of the sum of all the fruits. The formula for Fruits is: $Fr = (LV + Jy + Pe + Pa + Ki + Gd + Fa + Ge + Sc) / TF$ - Fr means Fruits - LV means Love - Jy means Joy - Pe means Peace - Pa means Patience - Ki means Kindness - Gd means Goodness - Fa means Faithfulness - Ge means Gentleness - Sc means Self-control

From the formula for Fruits, we see that we add all the values from the fruits themselves, then divide by the Total Factors (TF), which is 9 (the number of fruits).

Now, what is the formula for each fruit? Each fruit of the Holy Spirit is measured by how much you show it in your daily life. Here is how each fruit is calculated:

Fruit	Symbol	Formula	Explanation
Love	LV	LV = Acts of Love / Total Opportunities	Count how many times you showed love when you had the chance
Joy	Jy	Jy = Joyful Moments / Total Moments	Count how many times you remained joyful even in difficulty
Peace	Pe	Pe = Peaceful Responses / Total Conflicts	Count how many times you responded with peace instead of anger

Fruit	Symbol	Formula	Explanation
Patience	Pa	$Pa = \text{Patient Acts} / \text{Total Tests of Patience}$	Count how many times you were patient when you wanted to rush
Kindness	Ki	$Ki = \text{Kind Deeds} / \text{Total Opportunities}$	Count how many times you showed kindness when you could
Goodness	Gd	$Gd = \text{Good Acts} / \text{Total Acts That Day}$	Count how many of your acts were good versus bad
Faithfulness	Fa	$Fa = \text{Faithful Actions} / \text{Total Promises Made}$	Count how many promises or commitments you kept
Gentleness	Ge	$Ge = \text{Gentle Responses} / \text{Total Interactions}$	Count how many times you responded gently
Self-control	Sc	$Sc = \text{Times You Controlled Yourself} / \text{Total Temptations}$	Count how many times you resisted temptation

Each fruit is measured on a scale from 0 to 1. For example, if you had 5 opportunities to show love today and you showed love in 3 of them, then your LV = $3/5 = 0.600$ LV. Do this for every fruit every day.

Then, to get your Fruits value: $Fr = (LV + Jy + Pe + Pa + Ki + Gd + Fa + Ge + Sc) / 9$

For example, if on a particular day your fruit values were: - LV = 0.600 - Jy = 0.500 - Pe = 0.800 - Pa = 0.400 - Ki = 0.700 - Gd = 0.600 - Fa = 0.900 - Ge = 0.500 - Sc = 0.300

Then $Fr = (0.600 + 0.500 + 0.800 + 0.400 + 0.700 + 0.600 + 0.900 + 0.500 + 0.300) / 9$ $Fr = 5.300 / 9 = 0.589$ Fr

The units of Fruits are Fr. A Fruits value above 0.700 means you are bearing good fruit. A Fruits value below 0.400 means you need to pray for the Holy Spirit to grow these fruits in you. Remember what Jesus said: "By their fruits you will know them" (Matthew 7:16). If you have the Holy Spirit, you must bear fruit. A tree that does not bear fruit is cut down.

Gifts Worksheet

2.7.1.5. Now let us look at the Gifts worksheet. The Gifts of the Holy Spirit are different from the Fruits. The Fruits show your character, but the Gifts show your power. The Gifts of the Holy Spirit are listed in 1 Corinthians 12:8-10 and they include:

- **Word of Wisdom** — Knowing what to do in difficult situations
- **Word of Knowledge** — Knowing facts that you could not know naturally
- **Faith** — Special faith to believe for big things
- **Gifts of Healing** — The ability to pray for sick people and see them healed
- **Working of Miracles** — Doing things that are impossible by natural laws
- **Prophecy** — Speaking messages from God to people
- **Discerning of Spirits** — Knowing whether a spirit is from God or from Satan
- **Tongues** — Speaking in languages you have never learned
- **Interpretation of Tongues** — Understanding what is being said in tongues

In the Gifts worksheet, you must track which gifts the Holy Spirit is operating through you. Here is how to set it up:

In column A, write the date. In column B, write the name of the Gift that you operated in. In column C, write the situation where you used the gift. In column D, write the result (what happened when you used the gift).

The formula for Gifts is: $G_i = AG / TG$, where G_i means Gifts, AG means Active Gifts (the number of gifts you have operated in during a specific period), and TG means Total Gifts (9, the total number of gifts listed in 1 Corinthians 12).

For example, if in a week you operated in 3 gifts (Faith, Healing, and Tongues), then $AG = 3$, $TG = 9$, and $G_i = 3/9 = 0.333$ G_i .

The goal is to grow in all gifts. Paul wrote in 1 Corinthians 14:1, "Eagerly desire the gifts of the Spirit." So you should pray and ask God to use you in all the gifts. When you first start, you may only operate in 1 or 2 gifts. But as you grow, more gifts will become active in your life. The Holy Spirit gives gifts as He determines (1 Corinthians 12:11). Your job is to be available and willing.

Holy Spirit Worksheet

2.7.1.6. The Holy Spirit worksheet is the most important worksheet in the Life File. In this worksheet, you track your relationship with the Holy Spirit Himself. This is not about formulas or calculations. This is about your personal walk with God. Here is how to set it up:

In the Holy Spirit worksheet, create these columns: - **Column A — Date:** The date of the entry. - **Column B — Holy Spirit Experience:** Write down any experience you had with the Holy Spirit that day. Did you feel His presence? Did He speak to you? Did He guide you in a decision? - **Column C — Scripture:** What Bible verse did the Holy Spirit use to speak to you today? - **Column D — Obedience:** Did you obey what the Holy Spirit told you to do? Write Yes or No and explain. - **Column E — Growth:** How did you grow closer to the Holy Spirit today? Write one sentence.

The formula for the Holy Spirit is: $HS = DO / TO$, where HS means Holy Spirit, DO means Days of Obedience (days when you obeyed the Holy Spirit's leading), and TO means Total Days in the period you are measuring. For example, if in 30 days you obeyed the Holy Spirit 22 times, then $HS = 22/30 = 0.733$ HS.

Remember: the Holy Spirit is a person, not a force. You can grieve Him (Ephesians 4:30). You can quench Him (1 Thessalonians 5:19). You can be filled with Him (Ephesians 5:18). The goal of all these Thirteen Files is to prepare you to be a dwelling place for the Holy Spirit. Without the Holy Spirit, all these files are just empty spreadsheets. But with the Holy Spirit, they become the very breath of God in your life.

2.7.1.7. Now let us return to the References worksheet. In References, we collect all the values from Sin, Fruits, Gifts, and Holy Spirit worksheets and we calculate the overall Life value. The formula for Life is: $Li = (Ri + Fr + Gi + HS) / 4$, where Li means Life, Ri means Righteousness (which is $1 - Sin$), Fr means Fruits, Gi means Gifts, and HS means Holy Spirit.

For example, if on a specific day: - Ri = 0.375 (from Sin of 0.625) - Fr = 0.589 - Gi = 0.333 - HS = 0.733

Then Li = (0.375 + 0.589 + 0.333 + 0.733) / 4 = 2.030 / 4 = 0.508
Li. The units of Life are Li.

A Life value above 0.700 means you are living a Spirit-filled life. A Life value below 0.400 means you need to go back and work on your files. Remember: Life is the overall file. It represents YOU. So make sure your Life value is always growing, never decreasing.

Final Conclusion: The Journey Forward

Summary of All Thirteen Files

3.1.1. We have now come to the end of this book. But the end of this book is not the end of your journey. It is the beginning. Let us take a moment to remember what we have learned and how each of the Thirteen Files works together to build your spiritual life.

The Thirteen Files are:

- 1. Daily Schedule (DS)** — The foundation. It orders your day and makes your life predictable and holy. A person without a Daily Schedule is like a house without a foundation.
- 2. Thoughts (Th)** — The gateway. It controls what enters your mind and gives you time to examine every thought before you act on it. A person who controls their thoughts controls their life.
- 3. Needs (ND)** — The prayer list. It keeps track of everything you ask God for, so you can see when He answers. This builds your faith and proves the existence of God.
- 4. Abilities (Ab)** — The power. It develops the unique skills and gifts that God has placed in your spirit. Your abilities make you different from everyone else.

5. **Tests (Te)** — The mirror. It shows you your bad habits and the tests that come from people. By tracking tests, you reduce sin in your life.
6. **Days (Da)** — The calendar. It marks special days and helps you celebrate what God has done in your life. It also tracks fasting and everyday events.
7. **Goals (Go)** — The engine. It breaks negative emotions and gives you something meaningful to work on. Goals make life exciting.
8. **Court (Co)** — The judge. It creates laws that govern your life and punishes you when you break them. Without the Court, you have no discipline.
9. **Personal Duties (PD)** — The body care. It makes sure you do what you must do to maintain your health and your environment.
10. **Accounts (Ac)** — The wallet. It tracks every coin that comes in and goes out. Money is spiritual, and how you handle it affects your spirit.
11. **Accounts Scale of Preferences (ASP)** — The desires. It lists everything you want to buy and tracks your wealth. Your desires show what is in your heart.
12. **Life (Li)** — The summary. It brings together Sin, Fruits, Gifts, and the Holy Spirit into one overall value. Life is who you are.
13. **Spiritual Teachings (ST)** — The wisdom. It records what the Holy Spirit teaches you personally. These teachings are unique to you.

3.1.2. How the Files Work Together

- The **Daily Schedule** is the road you walk on.
- **Thoughts** makes sure you walk in the right direction.
- **Needs** keeps you talking to God as you walk.
- **Abilities** makes you stronger as you walk.
- **Tests** helps you avoid traps on the road.
- **Days** marks the important places on your journey.
- **Goals** gives you the energy to keep walking.
- **Court** makes sure you follow the rules of the road.

- **Personal Duties** keeps you clean and healthy for the journey.
- **Accounts** and **ASP** make sure you have what you need for the journey.
- **Life** is the journey itself.
- **Spiritual Teachings** is the wisdom you gain along the way.

3.1.3. Final Exhortation

My children, I have given you these teachings because I love you. This is true love, not the love of the world that speaks sweet words but hides poison. True love is what I have shown you: I have given you the right teachings so that you may receive the Holy Spirit.

Do not take these teachings lightly. They are not just words on a page. They are a way of life. If you follow them, you will be transformed. You will become a new creation. The old things will pass away, and all things will become new (2 Corinthians 5:17).

But remember: knowledge without action is dead. You can read this book a hundred times, but if you do not create the spreadsheets, if you do not write your thoughts, if you do not track your tests, if you do not make your laws — then these teachings will do nothing for you. The power is not in the reading. The power is in the doing.

(James 1:22 EASY) [22] Do what God's message says. Do not just listen to it. If you only listen, you are lying to yourselves.

3.1.4. What to Do Next

1. If you have not created all Thirteen Files, create them now. Open your spreadsheet app and start.
2. Begin with the **Daily Schedule**. Plan your day. Include devotion time.
3. Add the **Thoughts** file. Start writing every thought you get and wait 2 days.
4. Add the **Needs** file. Write down everything you want God to do for you.
5. Continue with the other files one by one. Do not rush. Take your time.
6. Check your files every day. Update them. Calculate your values.

7. Watch your spiritual life grow. Watch your Goz rank increase.
Watch your Fruits grow. Watch the Holy Spirit move in your life.

3.1.5. A Word About Time

I started writing these teachings on June 29, 2025. By the time I finish, many months will have passed. Some of you will read this book many years from now. But time does not change truth. These teachings are true because they come from the Holy Spirit. The Holy Spirit is the same yesterday, today, and forever (Hebrews 13:8).

So whether you are reading this in 2025, 2026, or 2050, the principles are the same. The spreadsheets. The formulas. The waiting. The tracking. The laws. All of it is true and will remain true.

3.1.6. The Goal of It All

What is the goal of all these teachings? It is simply this: to receive the Holy Spirit and to live a life that is pleasing to God.

(John 14:16-17 ERV) [16] I will ask the Father, and he will give you another Helper to be with you forever. [17] That Helper is the Spirit of truth. The world cannot accept him, because it does not see him or know him. But you know him. He lives with you and will be in you.

May the Holy Spirit live with you and be in you. May He guide you into all truth. May He give you peace that passes all understanding. May He fill you with love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control.

And may you, in turn, be a light to this dark world. For that is why the Holy Spirit has chosen you.

(Matthew 5:14-16 ERV) [14] "You are the light that gives light to the world. A city that is built on a hill cannot be hidden. [15] People don't hide a lamp under a bowl. They put it on a lampstand. Then the light shines for all the people in the house. [16] In the same way, you should be a light for other people. Live so that they will see the good things you do and praise your Father in heaven."

3.1.7. Blessing

My children, I bless you in the name of the Father, and of the Son, and of the Holy Spirit.

Go now. Create your files. Live your life. Grow in the Spirit.

And remember: the journey forward is the journey upward. Do not look back. Keep your eyes on Jesus. He is the author and finisher of our faith (Hebrews 12:2).

One day, when you stand before God, you will hear Him say: "Well done, good and faithful servant." And that will be worth everything.

SGSS — Spiritual Growth and Spiritual Science Initiated: June 29, 2025 — 21351 Completed: June 17, 2026 — 22114

"Seek first the kingdom of God and His righteousness, and all these things will be added to you." (Matthew 6:33 ERV)
